PRETTY NEW CHURCH

Market Street M. E. Congregation to Erect New House of Worship Soon

CORNER NINTH AND MARKET

Ten Thousand Dollar Brick Edifice Will Be Built Early in New Year On Prominent Corner—Meeting Tuesday Night.

Market Street Methodist Church early in the coming year is to have a handsome new house of worship at northeast corner of Ninth and Market streets, the structure to be of brick and to cost not less than $10,000. The decision to build was reached at a meeting of the City Board of Church Extension Tuesday night and the news will be received by the public with great pleasure.

At the last General Conference of the Methodist Church, South, at Dallas, Texas, the law-making body of the great denomination, in order to systematize the work of church building and guard against numerous weak churches as the result of petty congregational dissensions, created what is termed a City Board of Church Extension to be composed of members of the different M. E. churches in cities where there are three or more Methodist congregations, the members of the board to be elected at the regular quarterly conferences of the churches. The city boards are to have in charge and pass upon the necessity, location, cost and erection of all new buildings. Members on the city board for Wilmington have been elected as follows:

Grace—E. Borden, Wm. E. Springer, C. C. Covington, W. B. Cooper, John F. Garrell and Roger Moore.

Fifth Street—W. E. Yopp and John T. Sholar.

Market Street—E. F. Johnson and R. H. Beery.

Bladen Street—W. H. Barden and W. O. Bowden.

The board met Tuesday night at Grace Church and organized by electing Mr. Springer, chairman, and Mr. Sholar, secretary. The matter of a new house of worship for Market Street Church was taken up and passed upon at once with enthusiasm. The church already owns and has paid for the lot on the corner, which is now used for residence purposes, and also the lot on Ninth street, in the rear, on which the present less pretentious church building stands. The board authorized the pulling down of the present residence on the corner and the erection of a handsome church there to cost not exceeding $10,000. The work will begin early in the new year. The building fund has already reached large proportions and by the beginning of the new year well nigh all the money needed is expected to be in hand. The church was recently offered $7,000 for the site on the corner and the residence, but it was decided not to sell and begin as early as practicable the new church. The building will be modern in every respect and will be a credit to that section of the city. Rev. J Marvin Culbreth is the eloquent and progressive young pastor of Market Street Church and both he and his people are to be warmly congratulated upon this latest evidence of the success of their work.

CAUSE OF MISSIONS

Eighteenth Annual Meeting of Woman's Missionary Union Now in Session.

VERY ENCOURAGING REPORTS

Interesting Addresses By Dr. A. L. Phillips—Young People's Department Makes Fine Showing—Programme For To-day.

The eighteenth annual session of the Woman's Missionary Union of Wilmington Presbytery was called to order yesterday morning in Abbie Chadbourn Memorial Hall of the First Presbyterian church by Mrs. Jackson Johnson, president of the organization. Brief devotional exercises were conducted by Rev. J. M. Wells, D. D., pastor of the First church. In the absence of Miss Mary DeVane, the recording secretary, Miss Jennie Wood kept a record of the proceedings. Roll call of delegates showed an unusually large attendance of visitors and the enthusiasm of those present was everywhere manifest.

Mrs. R. W. Hicks very cordially welcomed the visitors to the city in a brief address, which was responded to very neatly by Mrs. J. A. Brown, of Chadbourn, in the absence of Miss Ethel Clark who could not attend.

The reports of standing committees, societies, treasurer and secretary and the president took up the remainder of the morning hour. All the reports showed a most successful year's work and an active, agressive missionary organization of the ladies all over the Presbytery.

At 1 o'clock an elegant lunch was served in the hall by Mrs. W. T. Bannerman, in charge of the local arrangements, and the other ladies of the First church.

The afternoon session opened with a song service directed by Miss Sue Hall, who was later asked to act as secretary for that session. Dr. Wells, pastor of the congregation, again welcomed the guests to the First church in particular and to Wilmington in general. He was responded to in behalf of the Union by Rev. A. L. Phillips, D. D., of Richmond, Va., superintendent of the Sunday School work in the General Assembly of the Southern Presbyterian Church Devotional exercises were conducted by Miss Florence Whitlock after which Mrs. J. C. Stewart, of Wilmington, made a report of the work of the young people. The report is spoken of as a very fine one and one of the most interesting and encouraging ever listened to by the Union. There were also excellent reports from the secretary of bands and letters from the foreign field.

The feature of the afternoon session was a strong and an inspiring address by Dr. Phillips upon the subject, "Helping Jesus Save Japan." Just at this time, the words of Dr. Phillips were especially interesting and he held his hearers with him throughout.

Last night Dr. Phillips spoke again, his subject having been, "Young People's Missionary Organization." His discourse was elevating, uplifting.

The programme for to-day includes a song service; a memorial service, conducted by Mrs. J. A. Brown; a report from the special agent for the Worth hospital by Miss Eliza Murphy; an address on the "North Brazil Mission," by Mrs. G. W. Butler. In the afternoon there will be a song and praise service, conducted by Mrs. T. D. Johnson; a report on the Elizabeth MacRae scholarship by Mrs. B. F. Hall; reports from Home Mission Societies; an address by Rev. R. M. Williams, Presbytery evangelist, and a consecration service by Mrs. J. M. Falson. This evening at 8:30 o'clock Rev. Jas. O. Reavis, secretary of missions in the General Assembly, will deliver an address to which the public is invited.

Special Trial Offer
THE MORNING STAR
At Reduced Rates
To New Subscribers

For the next sixty days will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:

FOR ONE YEAR $4.00
FOR SIX MONTHS $2.00

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

Sample copies mailed free to any address.

Note the conditions of this offer carefully to avoid mistakes.

Thursday Morning, June 15.

NORTH CAROLINA TIN MINES

The Southern Tin Company, of Gastonia, N. C., recently chartered by the Secretary of State, with a capital of $100,000, has organized and gone to work. The company owns a large area of land lying in North and South Carolina, on which there are veins of tin ore, and the Star is pleased to learn that the prospect for developing a great mineral field is excellent.

The Gastonia Gazette, of June 13th states that the company has begun operations. On last Monday Messrs. T. M. Fayssoux and A. G. Mangum, officials of the company left Gastonia and went over to the tin properties of the company, accompanied by their foreman, Mr. Jacob Parker, an experienced old miner. Mr. Parker, will have a number of miners in his charge, and will commence right away to sink six shafts at points indicated by the company's mining engineer.

The officers of the Southern Tin company are as follows:

President—E. Y. Webb.
Vice President—A. G. Mangum.
Treasurer—S. N. Boyce.
Secretary—John F. Holland.
Directors—S. J. Durham, T. S. Royster, L. F. Groves, J. B. Beal, A. G. Myers, D. M. Jones, C. A. Kiser, T. M. Fayssoux, J. O. White, George F. Bason and B. J. Hoffman.

The Manufacturers' Record states that in a report submitted by Froehling & Robertson, analytical and consulting chemists, of Richmond, Va., who examined the tin properties controlled by the Southern Tin Co., the staement is made that three well-defined pegmatite veins are found running through the group of properties, and camples from the outcrops taken have shown tin in paying quantities, some of the samples being very rich. It is the opinion of the chemists that at several points the prospects for development are very bright, and fully justify development are very bright, work being started, with every indication of successful results.

Other mining engineers have made similar reports after having examined this North Carolina tin field, and we shall watch with keen interest the development of the mining project now under way. From all accounts we will not be surprised to see Gaston county converted into great mining region.

MAY BE FORTUNES IN PEANUT OIL.

A special dispatch from Washington says:

"In Europe it is regarded as strange that there is hardly any other oil produced in the United States from vegetables outside of cotton seed oil. The demand for olives, peanut and other oils in Europe is slowly but steadily increasing, while in this country, very little has been done in the direction of manufacturing vegetable oils except from cotton seed oil.

In Marseilles, France, peanut oil is preferred to cotton seed oil, other things being equal. It is today quoted in that city at $13.66 per 220 pounds, edible qualities, against $8.88 per 220 hundred pounds of choice white American edible cotton seed oil. This shows a difference of nearly 3 cents per pound in the oil produced from cotton seed and that made from the meat of the peanut.

Marseilles imported last year 182,010 tons of peanuts, most of which came from India and the west coast of Africa and they were turned into oils, competing on its own merits with olive and cotton seed oils.

The American nuts are consumed exclusively in the natural form or used in connection with confections. For these purposes they surpass the best in the world, although the Spanish variety is highly spoken of. Last year, owing to the short crop in the United States, there were $27,065 worth of peanuts shipped to this country from Marseilles. These nuts were shipped to Marseilles from Africa and then to this country. They were not as desirable for eating as nuts raised in this country."

Large quantities of peanuts are raised in Virginia, North Carolina and Georgia, and in fact they flourish anywhere in the South. However, it is stated that with all the peanut crop of the United States, the demand in this country cannot be supplied. If it turns out that there is a great demand for peanut oil, it will afford the South another opportunity to increase one of its money crops.

THE MODERN FLYERS.

The Star's Associated Press dispatches told us of the astonishing speed made by the Pennsylvania Railroad's flyer between New York and Chicago. The success of this fast passenger schedule has already set the railroad people to considering a schedule which will run between the two great cities in 16 hours instead of 18 hours, the present schedule.

The Lake Shore road is the Pennsylvania's competitor for the travel between New York and Chicago, and it also has an 18 hour schedule. In addition to a fast trip the Lake Shore will inaugurate a new feature on its trains next Sunday, in order to catch the travel. The Lake Shore's "Twentieth Century Limited" will take care of its passengers in a way entirely new in railroading. A pretty stenographer and type writer will be at your service free of charge, and letters will be dictated and mailed as the train flies along at the rate of a mile a minute and some times less. There will be free valets and maids in attendance to answer every beck and call, while you sleep your clothes will be sponged and pressed, and a salt-water bath and a shave will be yours for the asking. Really there is nothing like competition.

CURRENT COMMENT.

—The paper trust seems to have been put out of business except as to its power to control prices.—Washington Post.

—The twenty-first of June is the longest day in the year, except Commencement Sunday.—Charleston News and Courier.

—We'll know more about the yellow peril if the Japs should decide that the whites had better get out of Asia.—Washington Post.

—It is estimated that the recent naval battle cost Russian $73,500,000. That is almost equal to the cost of one of the swell dinners given in New York's society set.—Des Moines News.

—It seems there is a dispute between Canada and Uruguay. A clash between these powers might shake this planet's trolley off, and it is hoped serious trouble will be averted.—Milwaukee Sentinel.

—The manner in which it has settled with the Chadbourn berry growers seems to reflect credit on the Armour Company. The farmers of that section alone have received for their four days losses about $70,000 from that company.—Gastonia Gazette.

—Not many persons have had Mr. Paul Morton's privilege of choosing between $100,000 jobs. It is a common thing to warn young men to keep out of the public service, but Mr. Morton, Mr. Cortelyou, and Col. Lamont, besides a considerable list of Assistant Secretaries of the Treasury and Comptrollers of the Currency, have lost nothing by it.—Philadelphia Record.

—A deficit of some $15,000,000 being threatened in the postoffice department largely through the extension of the rural free delivery system, proposals are now being made from those States having about all they want in the way of rural delivery to check the system until the department has caught up. There are now more than 30,000 routes in existence the percentage of which in the Southern States—the First District of Tennessee excluded—is absurdly low. It would seem that before any curtailment of the system is resorted to the South ought to be allowed first to get its proportionate benefits.—Chattanooga Times.

TWINKLINGS.

—"But is Eva really such a pretty girl?" "Pretty! Why, she would look pretty in a photograph taken on an outing trip."—Chicago Daily News.

—Mrs. Nayberleigh—"Judge, I want you to try some of my angel cake." Judge Sokem (absently)—"What is it charged with?"—Cleveland Leader.

—"Jones grumbles at cold weather?" "Yes." "And he grumbles at hot weather?" "Yes." "What does he like?" "He likes to grumble."—Chicago Journal.

—Grayce—"Maude claims that she never talks about others." Gladys—"No; she hasn't the time. Too busy talking about herself." — Louisville Courier-Journal.

—Mama—O, dear! Margie, I don't believe you know what it is to be good. Little Margie—Yes, I do, mamma. It's not doing the things you want to do.—Chicago News.

—"Charley, dear," said young Mrs. Newwed. "I hope you are not going into politics." "What made you think that?" "I heard you talking in your sleep about 'standing pat.'"—Washington Star.

—Ethel, aged 6, was temporarily entertaining her sister's beau in the parlor. "So you think Clara has made up her mind to marry me, do you?" he said. "Oh, yes," answered Ethel. "She made up her mind this morning. She's making up her face now."—Chicago News.

—Stern parent—Freddie, didn't you promise me not to play marbles again? Small—Freddie—Yes, sir. Stern Parent—And didn't I promise to whip you if you did? Small Freddie—Yes, sir; but as I forgot to keep my promise I won't hold you to yours. —Chicago News.

—"I just stumbled with a dish of cream," said the foreign diplomat, who was making himself useful at the Washington function, "and spilt it all over that tall gentleman yonder. Guess I'd better go and apologize," "Oh, don't bother" said the experienced damsel. "That was only the Vice President."—New York Sun.

COTTON MARKETS.

New York, June 14.—The cotton market was very active and irregular but showed firmness in the late trading and closed at a net advance of 5 to 9 points. Sales were estimated at a half million bales. The opening was easy at a decline of 2 to 7 points under liquidation and selling for a reaction following the advances of the last few days and the bearish interpretation of the early weather map. There was a fair demand at the decline and with cable firm, prices worked up a few points but were more or less unsettled until just before midday when heavy selling supposed to be for New Orleans account and rumore the big Southern longs were unloading caused a sharp break and the market showed a net loss of about 9 to 10 points. This was followed by a recovery on reports of very firm spot markets in the South and in the afternoon the market was very active with prices forced upward by the big order attributed to the leading local operator. The close was steady with 2 or 3 points of the best for the session. The weather map showed further beneficial rains but temperatures were again said to be too high and private cables from Liverpool claimed that consumers were rendered very uneasy by their large commitments and uncertainty over the new crop.

Great Britain and the United States Stand With France.

By Cable to The Morning Star.

London, June 13.—Great Britain, as one of the powers signatory to the Madrid convention of 1880, in answer to the request of the Sultan of Morocco to join an international conference for the consideration of the Moroccan question, has announced that its preference is not to take any part in the conference unless such action would be atisfactory to France.

The United States has taken the same stand, the two powers being in accord with France that such a conference would not be the best way of promoting urgent reforms in Morocco.

Mrs. Charles T. Stout Makes New World's Record.

By Wire to The Morning Star.

Short Sills, N. J., June 13.—The sixth annual woman's championship tournament of the Metropolitan Golf Association was begun to-day on the links of the Baltusrol Golf Club with 36 entrants. The qualifying round was at eighteen holes. Mrs. Charles T. Stout, formerly Miss Genevieve Hecker, one time national champion, made the round in 86, establishing a new woman's record for the course. The best previous record was 88 made by Miss Rhona Adair, the Irish champion in 1903.

GOVERNMENT CROP REPORT.

Weather Favorable for Cotton—Boll Weevils in Texas.

By Wire to The Morning Star.

Washington, June 13.—The Weather Bureau's summary of crop conditions says:

The weather conditions throughout nearly the whole of the cotton belt have been favorable for the cultivation of cotton, although a considerable part of the crop continues grassy. A general though not decided improvement in the condition of cotton in the central and western districts is indicated, but in the Carolinas and Tennessee, cotton has made slow porgress and in the first mentioned States the plants are small and of unhealthy color. In portions of the central and eastern districts of the cotton belt light rains would be beneficial. In the northern and central counties of Texas, prospects are improved, though still poor in localities; in Southern Texas the crop is in good condition and an improvement in localities is reported. Boll weevils are active over increased area.

In Maryland, Virginia, and Kentucky the transplanting of tobacco is nearly finished, but in New England, New York, Ohio and Wisconsin this work has been retarded.

Marriage In Turkey.

The dowry of a Turkish bride is fixed by custom at about $1.70, which amount, for politic reasons, is seldom departed from, even by the rich. The wedding day is invariably Thursday, and the customary wedding festivities begin on Monday and last four days. They are carried on by men and women separately, and each day is distinguished by a different ceremony. No spoons or forks or wines are used at the wedding feast.

We got hold of some corn fed steer beef the other day, and we are very much of the opinion that said steer was the sire of a large crop of calves before his demise.

Clover is a biennial plant. Under normal conditions it lives two years and then dies. We often come across men who complain because it does not live three or more years.

Berlin Through English Spectacles.

An Englishman writes of Berlin: "It is the only modern city I know of that has managed to escape looking artificial. The labor of building greater Berlin has been most dexterously hidden. There is very little of the deadly uniformity, the Euclidian lines, the prosaic precision, one notices in New York. Berlin is something considerably better than a mere chessboard of brick and stone and mortar. The streets have a curved and enticing spaciousness; they are shaded with avenues of trees, faultlessly asphalted and clean with a cleanliness surpassing that of Paris. The architecture is rather too florid for English tastes, but for all that decidedly effective, and a drive from Unter den Linden to Charlottenburg will take one past a finer succession of houses than either London or New York can show."

Last Excursion to Newbern.

The last excursion of the season to Newbern will be operated over the famous Atlantic Coast Line on Monday, June 26th by Thomas H. Knight, whose excursions are always a delightful treat. Don't let the last opportunity to go to hospitable Newbern go by, but join the merry throng and enjoy a day of genuine pleasure among a people whose hospitality is proverbial.

Trains leaves the depot at 7:30 A. M., and returning, will leave Newbern at Midnight. Round-trip rate only $1. There will be separate cars for white and colored passengers.

HIGH GRADE CIGARS

are found oftener in advertisements than in show cases—you'll find the La Morna high grade in both particulars. It's easy to say this; but it's easier to prove by simply smoking one of the size, shape and color you prefer. Puffing one will pull for a box order, and buying that way will save you money. 5 cents gets you one; $2.00 a box of 50. So many critical smokers endorse the La Morna that you should join the procession.

SPIRITS TURPENTINE.

—Durham Herald: There might be a chance for a Republican party in North Carolina if the two factions now at war could wipe each other up.

—There is probability of another large cotton mill at High Point, $75,000 of the $100,000 necessary for the organization having already been subscribed.

—A bank has been organized at Durham with Jesse H. Prather, of Mount Airy, president; W. J. Byerly, of Mount Airy, vice president; Eugene Pepper, of Danbury, cashier. The capital stock is $10,000, all paid in.

—J. T. Rogers, alias Lackey, a white man, aged 58, who was serving a seven-years' sentence from Burke county for larceny, has made his escape from the State convict camp on the Wilkesboro and Jefferson Turnpike.

—The bulletin of the State Board of Health for May has been issued and shows smallpox in 45 counties with no very great number in any one, but showing that the disease has spread from the coast to the mountains.

—In Charlotte, Ed. Talley, 16-year-old son of Charles B. Talley, who works for the Virginia-Carolina Chemical Company, was arrested on Tuesday and confessed to breaking into the residence of C. M. Arlege, and stealing $15.

—At Concord yesterday, Mr. James N. Brown, an honored veteran of the Mexican and Civil Wars, celebrated the fiftieth anniversary of his marriage in a family reunion at his home. He is 78 and his wife 68, and their golden wedding will be an enjoyable occasion.

—A charter has been granted the Ashpole Drug Company, of Robeson county; capital stock, $25,000. The Asheboro Wheelbarrow Company is authorized to add the word "manufacturing" to its name and to increase its capital stock to $100,000. It will manufacture sash, doors, blinds, etc.

—Concord Times: One day last week a Concord lady, while standing near the well at her home, saw a chicken fly upon the well house. The chicken struck the bucket, knocking it in the well. This, of course, caused the windlass to revolve. At the first revolution the handle hit the chicken on the head, killing it instantly. This is a true bill.

—High Point correspondence, Charlotte Observer: The High Point cars are fast finding their way into the Southern cities. You can take a trip in many of them in a High Point car. We are proud that we can own such a plant that is so well equipped in every way, as the High Point car shops. They are always behind with their orders, there being such a great demand for the cars.

—A. M. Campbell writes The Statesville Landmark from Elmwood that he has undisputable proof that a hen will get too fate to lay; that since March 1st a hen at the Campbell home has gone on a nest regularly, coming off with much ado, but leaving no eggs. Thursday the hen was killed. She weighed seven pounds and in the "egg bag was a fleece of fat as large as one's hand," eight well developed eggs and a cluster of "55 eggs as large as bird's eggs." And that was the trouble with the hen.

—Winston-Salem Sentinel: The Rollins-Butler paper seems to have developed from the "independent industrial" paper that we heard so much about a few weeks ago. Now it is stated that it is to be a "strong Republican paper." It is not always a very great distance from an "independent industrial" to a "straight Republican" newspaper. There are some papers that are really independent. There are others that consider "independence in politics" as equivalent to Republicanism.

—President Joseph G. Brown, of the Citizens' National Bank, of Raleigh, on Tuesday, received a letter from a man in Ohio, enclosing six North Carolina bonds of $1,000 each, and asking wha they were worth. They turn out to be special tax bonds and Mr. Brown advises the Ohio man that they have no value whatever. Three of them were issued for the Western North Carolina railway, each being of a different class; one is for the Chatham railway, one for the Williamston & Tarboro and one for the Wilmington, Charlotte & Rutherfordton railway.

—Gastonia Gazette, June 13: The Gazette learns that proceedings are on foot which indicate that Jim Lowry the negro who killed Shelby's chief of police, R. S. Jones, five years ago, has been located. An attorney in Tarboro wired Shelby a few days ago inquiring if the reward for Lowry's capture was still in force. Shelby answered immediately that the reward was still in force—$700. In a day or two Governor Glenn wired Shelby asking for the bill of indictmen against Lowry, which was promptly sent to the Governor. This action is taken to indicate that the parties interested in the reward are sure of their man and have asked Governor Glenn to issue requisition papers to bring him back from some other State.

—Raleigh correspondence, Charlotte Observer, June 13: Two revenue officers from here returned to-day from a raid, in which they had quite a lively experience. Last night, during the rain, they crept up to the vicinity of an illicit distillery about three miles from Durham, and found a man with a rifle across his lap seated near the door of a house, a dim light making him visible. They crept to a point only a few yards from the distillery so as to see if they could not make a capture of some one, and in a moment a man with a gun appeared on the scene. The deputies were under a cedar tree, the limbs of which were near the ground, and as the moonshiner crept about with cocked rifle in hand, on the lookout for them, they sprang a surprise on him by jumping upon him and disarming him. He contrived to get away, but they destroyed the still and brought the rifle back here with them, its magazine being full of cartridges.

WILMINGTON, N. C.

Thursday Morning, June 15.

WARM WIRELETS.

On behalf of "Kid" Sullivan, of Washington, his manager, Al. Herford, of Baltimore, has accepted the offer of the Hayes Valley Athletic Club, of San Francisco, of a purse of $5,000 for a 20-round fight with Jimmy Britt in that city July 15.

At Lexington, Va., yesterday, final commencement exercises at Washington and Lee University was held, President George H. Denny presiding. The principal feature of the programme was the address by Richmond Pearson Hobson before the literary societies in Lee Memorial chapel.

The Board of Governors of the American Cotton Manufacturers' Association will meet at Asheville, N. C., July 8th to select a place for the next year's convention. Notices have been sent to organizations in the various cities tendering invitations to have representatives at the meeting.

Miss Jessie Doremus Milligan, daughter of Mr. and Mrs. T. Scott Milligan, of Kingston, N. H., and John Durham Watson, son of Thomas E. Watson, of Georgia, candidate for President on the People's Party ticket last fall, were married yesterday at Kingston. Owing to severe illness, Thomas E. Watson was not present.

At Americus, Ga., yesterday afternoon Grady Traver, the lad of 14, who killed his school companion, Augustus Oliver, recently by a blow upon the head with a baseball bat during the game, was acquitted of the charge of murder. The case consumed nearly the entire day and was vigorously contested, while the court-room was thronged with interested spectators.

During gun practice on board the first-class battleship Magnificent (British) off Tetuan, near Gibraltar, yesterday afternoon, a six-inch shell exploded. Eighteen persons, including four officers were wounded, eleven of them seriously. The officers are among the seriously wounded. The explosion was due to a defect in the breech. The shell burst inside the gun.

The play for the Woman's Metropolitan gold championship was continued at Short Sills, N. J., yesterday, on the Baltusrol Golf Club links. In the first round of 18 holes match play, Mrs. Charles T. Stouts, playing against Miss G. C. Willis, did not show anything equal to her game of Tuesday, but she was not pressed, and took everything easily all through the contest, winning handily by 7 up and 5 to play.

THE CHINESE BOYCOTT.

Minister to China Believes Matter Can Be Adjusted.

By Cable to The Morning Star.

Pekin, June 14.—The agitation and proposed boycott of American goods by Chinese merchants is apparently based upon a misconception by the Chinese of American intentions in regard to the exclusion act. Both Chinese and Americans are agreed upon the point that the exclusion of coolies in the chief matter under consideration, and that the act deals with the treatment to other classes. A discussion of the subject will be necessarily prolonged and to arrange a new convention will take time. Mr. Rockhill, the American minister, has assured the Chinese that America's intentions are fair and conciliatory, and the Chinese Board of Foreign Affairs is apparently satisfied upon the subject. This movement is unlikely to attain any serious proportions although it is significant indicating the importance which is attached by the Chinese to the questions involved in the American exclusion act.

Washington, June 14.—President Roosevelt is manifesting a deep interest in the statements made to him last Monday by a delegation of members of the American Asiatic Association concerning the difficulties which hitherto have been experienced by Chinese merchants, students, travelers and literary men in gaining admission to this country. In a letter to Secretary Metcalf, of the Department of Commerce and Labor, the President directs him to see that the immigration officers exercise discretion in the enforcement of the exclusion law, to the end that the relations of this government which China may continue to be cordial.

ARMY AND NAVY MANEUVRES.

Attack on Baltimore Defeated—Monitor Puritan Aground.

By Wire to The Morning Star.

Baltimore, June 14.—Another attack was made on the Baltimore fortifications early this morning, this time by the cruisers of Admiral Dickins' fleet, the Newark and the Atlanta, with the assistance of the gunboat Sylvia, with the members of the Maryland naval Militia on board. The guns of the forts poured in a withering fire on the advancing vessels, and in a few minutes the Atlanta sent up a red rocket, which those on shore took for a signal of surrender. The other two vessels continued their efforts to get past the forts, but were beaten back.

Fort Hunt, Va., June 14.—The ships of Admiral Dickins' fleet which attacked the defenses of Washington last night, lay at anchor above the fortifications after the battle until 7 o'clock this morning, when they sailed down stream, one by one, exactly in the order they had ascended. No demonstration was made before the forts, and the ships soon disappeared around Marshall's Point and into the lower Potomac.

Washington, June 14.—The monitor Puritan is reported to be hard aground off Point Lookout in the Potomac. She has on board the naval reserves of the District of Columbia, and was to have praticipated in the maneuvres last night against Forts Washington and Hunt. All efforts for two days to float theship have so far proven unsuccessful.

LESSON FROM JAPAN'S VICTORY.

Range Finders to Be Placed In Our War Ships.

By Wire to The Morning Star.

New York, June 5.—Orders were received at the New York Navy Yard today from the Navy Department at Washington to remove the guns from the fighting top of the battleship Alabama. Orders have been issued also that the guns are not to be replaced on the fighting top of the battleship Alabama, which is being repaired. It is reported that the guns are to be replaced by range finders, and similar orders were to be issued regarding other battleships. The victory of Admiral Togo in the battle of the Sea of Japan, is said to have influenced the decision to put range finders in place of the one-pounders which have occupied the tops.

The fate of the battle was decided by the superiority of the work of the Japanese gunners, while the ships were still at long range. The Department was informed that the aim of the the Japanese gunners was due to the efficiency of the men with the range finders whom the Japanese had placed in the fighting tops and were able to "pick up" the Russian ships at a far greater distance than the Russians could locate the Japanese.

PROMPT TRUCE OR BIG BATTLE

PROGRESS OF PEACE PLANS

Both Belligerents Favor Negotiations, But Can't Agree as to Place for Meetings—Great Battle Has Probably Begun.

By Wire to The Morning Star.

Washington, June 14.—Gradually the negotiations for peace in the Far East are nearing a focus. The one point to which the energies of those directly concerned in them now are being directed is the choice of a place for the holding of the conference of the plenipotentiaries of the belligerent powers.

It is known officially that three cities now are under consideration by Russia and Japan. These cities, named in the order of the liklihood of their final selection, are Washington, The Hague, and Geneva. Thus far no decision has been reached. Paris and London have been eliminated from the equation. It is understood that the Russian government objects to any Asiatic city, its preference being for some European capital.

After objecting to the holding of the conference in Paris, the Japanese government expressed a willingness to consider other places which afforded adequate facilities, although it is assured that Japan's preference would be some far eastern city, practically within the theatre of war.

Finally, however, the selection seems to have narrow down to the three cities named. Objections have been made by the Japanese to the Hague but it is not believed that those objections are fundemental or unalterable. However, as the situation now is, Washington appears to be the city most likely to be selected. It can be said, on authority that if the conference is held in the United States it will be in Washington. No other place in this country has been considered seriously.

After the selection of the place for the meeting of the plenipotentiaries, the two governments will name those who are to represent them at the conference. Then an armistice between the contending armies in the field will be arranged and, pending the result of the peace conference, the great armies facing each other in Manchuria will lie on their arms awaiting the final signal from their governments.

Hasty Truce Will Prevent Battle.

St. Petersburg, June 15.—1:30 A. M.—Every foreign minister and ambassador now in St. Petersburg attended a reception given by Foreign Minister Lamsdorff yesterday afternoon.

Several dipplomats who displayed some unnecessary nervousness earlier in the day over the concluding clause of the Russian foreign office's communication to the Gazette (saying the Imperial government has "no objection in principle" to the meeting of plenipotentiaries proposed by President Roosevelt, "if the Japanese government expresses a desire therefor"), were re-assumed after talking with the Foreign Minister and learning that the communication did not reproduce the exact text of the note.

The foreign office is in constant communication with Count Cassini, the Ambassador at Washington, but beyond the statement that nothing has been arranged it vouchsafes no information. The chances of of meeting taking place in the United States, however, seemed to have vanished. As announced in the Associated Press dispatches Sunday, the choice of Russia is Paris, but if Paris should not be acceptable to Japan, Russia is disposed to the selection of The Hague.

The principal objection to Manchuria is the time which would be necessary to get the negotiators to the scene. It is understood that the first task of the plenipotentiaries will be the conclusion of a limited aristice. This must come soon in order to avoid a general engagement, which reports from the front indicate that Field Marshal Oyama is already launching.

Gloomy Interview.

St. Petersburg, June 14.—The Slovo this morning published a remarkably sensational interview, filed with the gloomiest forebodings, with M. Witte, president of the committee of ministers. The Russian statesman's name is not mentioned but the veil of his identity can be pierced by the veriest tyro. He evidently spoke with the profound conviction that the affairs of State are going from bad to worse and under personal irritation produced by the intrigues which compel him to sit idle during the present crisis. Every word was black with pessism. The statesman made it clear that Foreign Minister Lamsdorff for one opposes his having anything to do with the peace negotiations. The interview says:

"Nothing that Russia has gone through is surprising. I gave warning in due time that only the match wood of Rojestvensky's squadron would reach Vladivostok. In a word I justly earned the designation of a croaking raven. I do not see that affairs have yet taken a turn which makes my services desirable. I will say more—even now I cannot observe a definite desire to change the direction of the current.

"Russia could prolonged the war for five years in the hope of coming out victorious were it not for the events in the interior to which they are closing their eyes and stopping their ears and trying to know nothing about. Here lies the horror of the present situation in Russia. Every hour of delay is fraught with danger."

Japan Objects to Paris.

Tokio, June 14.—3 P. M.—The report of the Japanese minister at Washington telling of his interviews with President Roosevelt and announcing the proposal that the peace plenipotentiaries of Russia and Japan meet in Paris, and of the appointment of M. Nelidoff, the Russian ambassador to France, as Russia's chief plenipotentiary, was received today. Japan will refuse to have the meeting take place in Paris because it is the capital of Russia's ally and also on account of the great distance from Japan and the delay involved. It is expected that Japan will propose that the plenipotentiaries meet at some point close to the theatre of war. The Japanese plenipotenitary has not yet been selected.

Oyama Pressing Linevitch.

Gunshu Pass, Manchuria, June 14.—The Japanese have forced the advanced posts of the Russian left beyond the Kao Che river and are occupying the heights north of the river. A heavy force seems to be behind this movement. Field Marshal Oyama is ready for a general offensive.

Two leaders of Chinese bandits captured at Omoso in the rear of the Russian left have arrived here.

Frances' Belated Alocrity.

Saigon, Cochin China, June 14.—The Russian auxiliary cruiser Kuban anchored off Cape St. James near here this morning and the governor ordered her to depart immediately and despatched a French warship to enforce the neutrality of these waters.

The British steamer Carlisle, which is understood to have on board war munitions intended for the Russians is detained here under surveillance.

Russians Claim Success.

St. Petersburg, June 14.—In a dispatch to the Emperor, dated June 13th, General Linevitch says the Russians, after a fight June 11th, occupied the villages of Syfongtoy, Chilipou and Chakhedzi. The same day another detachment approached the mines near Chakhedzi. A Japanese company evacuated the mines and retired southwest where it was re-inforced by a battallon of Japanese with quick firing guns.

The detachment of Japanese on the Mandarin road has retired south to Minhuagay and the Russian advance post have resumed their position at Yangline pass on the Minhuagay road.

Great Battle About to Be Fought

London, June 15.—The Japanese correspondent of the Daily Telegraph at Moji, Japan, says:

"The rainy season has started in Manchuria and the mud in the roads is knee deep, but this will not interfere with military operations, glad tidings of which may be expected within a few days."

TOBACCO TRUST MAN IN CONTEMPT OF COURT

Refused to Give Away Trust Secrets and Produce Papers and Contracts for Investigation.

By Wire to The Morning Star.

New York, June 14.—William H. McAlister, secretary of the American Tobacco Company, was adjudged guilty of contempt in the United States Circuit Court for having refused to answer questions before the Federal grand jury in connection with the investigation of the so-called tobacco trust. McAlister was asked questions concerning the business affairs of his company and was served with a subpoenae requiring him to produce papers and contracts covering the export business of the American Tobacco Company. Upon the advice of his counsel, he not only declined to answer the questions but declined to produce the papers asked for, taking the ground that he was protected by his constitutional rights. He was then taken before Judge Lacombe in the United States Circuit Court and found guilty of contempt and fined $5. Judge Lacombe also ordered that McAlister be taken into custody by United States Marshal Henkel until such time as he purges himself of the contempt by answering the questions and producing the books and papers. Application for a writ of habeas corpus was denied. McAlister then was taken before United States Commissioner Shields where he furnished $1,000 bail for his appearance pending an appeal to the United States Supreme Court. The higher court will be asked to pass upon the constitutionality of the points at issue, which really involves the right of the Federal grand jury to conduct its investigation under the Sherman anti-trust law.

Assistant United States District Attorney Henry W. Taft, who is conducting the investigation, informed Mr. McAlister, so the papers in the case say, that the American Tobacco Company was charged with having conspired with the Imperial Tobacco Company of Great Britain to modify and restrain trade in leaf, chewing and smoking tobacco and cigarettes.

Mr. McAlister was asked to produce contracts alleged to have been made in England on September 27, 1902, between the Ogdens' Company, limited, the Continental Tobacco Company, the American Cigar Company, the Consolidated Tobacco Company, the British Tobacco Company and the Imperial Tobacco Company, through which agreemnts it was claimed the corporations named sought to control and restrain the export tobacco trade. An agreement in connection with the tobacco trade of the United Kingdom also was asked for, as well as a third series of agreements or contracts executed in London before the then United States General H. Clay Evans, on the same date, between the companies named and Williamson, Whitehead, Fuller and Jones, and Inskip. The latter agreement, it was alleged, also was connected with the attempt on the part of the corporations named to control and restrain the export trade in the class of tobacco specified, between this country and Great Britain.

DASTARDLY CRIME IN GEORGIA.

Minister's Son and Daughter Shot by Assassins.

By Wire to The Morning Star.

Valdosta, Ga., June 14.—What is believed to be a sequel of a feud of long standing, resulted here last night in the assassination of the 17-year-old son and the 16-year-old daughter of W. L. Carter, formerly a Baptist minister. The young couple attracted by the barking of a dog in the yard, surrounding their home, went out to investigate, followed by a younger child. They were fired upon by some one from behind the smokehouse. The young lady fell dead, the young man crawled back to the house where he died, and the younger child was wounded. Mr. Carter fired upon some one prowling in his yard early to-day. He says the intruder was a negro. He believes the assassins are negroes, but says some others may have been the instigators of the crime.

Sheriff Passmore and Chief-of-Police Dampier have returned from the scene of last night's assassination, and bringing with them Milton and Leonard Rawlings, and two negroes charged with the crime.

The coroner's jury fully investigated the matter and returned a verdict laying the crime to two of the Rawlings. Mr. and Mrs. Carter, parents of the murdered children, saw them men and say they recognized them. Young Carter, after being shot, ran into the House and told his parents who did the shooting, dying sometime later.

ENGLAND STIRRED AGAIN.

Russia to Be Called to Account for Sinking Steamer.

By Cable to The Morning Star.

London, June 14.—A considerable stir has been created in shipping circles as a result of the sinking of the British steamer St. Kilda by the Russian auxiliary cruiser Dnieper in the China sea. The foreign office has been bombared with telegrams from the owners of the ship and cargo urging that action in the matter be taken.

The foreign officers is awaiting details, but in the meantime has drawn the attention of the Russian government to the report so far received. The Russians are expected to contend that the St. Kilda was carrying contraband and the they were unable to take her to a Russian port.

—In the United States District Court at Wilmington, Del., yesterday, John T. Dickey, former county treasurer and for years prominent as a local Democratic politician, who had pleaded guilty to an indictment charging him with causing lottery tickets to be brought into the State, was sentenced to ten months imprisonment and a fine of $100.

GREAT REUNION AT LOUISVILLE

City Decorated on Lavish Scale for Fifteenth Annual Gathering of Confederates

25,000 THOUSAND ARE THERE

Cheers for Remaining Great Figures of War—Gen Metts and Col. London, of North Carolina, on Committees.

By Wire to The Morning Star.

Louisville, June 14.—For the second time in five years the United Confederate Veterans and auxiliary organizations gathered in Louisville for their annual re-union, their reception today under a blazing sun and with miles of brilliant bunting flying in the breeze being in strong contrast to the weather conditions of five years ago, when record-breaking rains prevailed during the entire period of the re-union and even caused a postponment of the parade on the last day. The decorations this year are on a lavish scale and it is remarked that the American flag predominates.

The reunion was officially opened shortly after noon hour when General Bennett H. Young, commander of the Kentucky division, called the perspiring mass of humanity in the horse show building to order and introduced the chaplain, General J. William Jones, of Richmond, Va. Dr. Jones in his invocation prayed that the blessing of Almighty God may rest upon the President of these United States and "tha he may be enabled to be the President of this whole country and every section."

A few moments later Governor Beckham in speaking Kentucky's welcome to the old men in gray said:

"It is fitting that you should meet here, on the borderland of the great struggle where we were so torn asunder. The great contest has been settled for all time. Peace has her advocates as well as war.

"It is now gratifying to us all that there is but one flag. In tender memory we have laid away the Stars and Bars and we rejoice that we have the same flag that floated over us before the war."

A rousing reception was given the commander-in-chief, General Stephen D. Lee, when he arose to respond for the veterans to the addresses of welcome. The general was in splendid voice despite the long wait in the heated building and his speech was interrupted many times by cheering. Cheers were given the few remaining great figures of the Confederacy as they made their appearance. The venerable Simon Bolivar Buckner, who is approaching his eighty years, was heartily greeted and delivered a speech which would have done credit to a man half his years.

Lieutenant W. L. Caleb, commander of the trans-Mississippi division, was helped to the platform by many willing hands and his appearance was the signal for a prolonged outburst of handclapping.

The reception accorded General Joe Wheeler was second to none of the day. The famous cavalry officer was cheered from the time his grey-topped head was discerned in the great throng until he ascended the rostrum and motioned for silence.

He thanked the veterans for the heartiness of their reception and assured them that their greeting went deep into his heart.

Near the close of the day's sessions Colonel W. E. Mickle, adjutant general and chief of staff, in accordance with a unanimous vote, sent the following telegram to General A. P. Stewart, who is ill at Borden-Wheeler Springs, Ala:

"By a unanimous vote of the convention today I was directed to express to you the sincere sympathy of your Confederate associates in your sickness, and the earnest hope that God in His mercy would long spare your life to make glad our hearts.

"May Heaven's choicest blessings be with you.

"WILLIAM E. MICKLE,,"

"Adjutant General and Chief of Staff."

The committees on resolutions and credentials have been made up but were not read by the chairman.

There are several vacancies and it is not expected that all of them will be filled before the reunion is over. The committee on resolutions is as follows:

Alabama, Major W. B. Leedy; Florida, Brigadier General Frank P. Fleming; Georgia, Colonel W. O. Waddell; Indian Territory, Colonel Stillwell P. Russell; Kentucky, Colonel Charles L. Doughtry; Louisiana, Colonel David Zable; Maryland, Colonel Winfield Peters; Missouri, Dr. K. D. Morton; North Carolina, General Jas. I. Metts; Northwest, Lieutenant Colonel W. H. H. Ellis; Oklahoma, Colonel A. S. Reaves; Pacific, Brigadier-General W. C. Harrison; South Carolina, Colonel O. L. Schumpert; Texas, General B. B. Paddock; Virginia, General J. Taylor Ellyson.

Committee on Credentials—Alabama, Lieutenant Colonel James A. Crow, District of Columbia, Hickey; Florida, Maj. Thomas J. Appleyard; Georgia, Lieutenant-Colonel W. B. Burroughs, Indian Territory, Brigadier-General J. P. Wood; Kentucky, General J. M. Arnold; Louisiana, Colonel C. L. Walker; Missouri, Major O. H. P. Catron; North Carolina, Colonel H. A. London; Northwest, Col. William Ray; Ohio, M. J. Caldwell; Oklahoma, Colonel W. H. Primrose; Pacific, R. P. Bean; South Carolina, Colonel David Cardwell; Texas, Brigadier-General Thomas H. Edgar; Virginia, Colonel L. L. Marks; West Virginia, G. L. Thomas.

In the course of an impressive service under the auspices of the Confederated Southern Memorical Association, the Rev. C. R. Polhill, of this city, who made the principal address, urged that the men of the South cooperate with the women of the association in an effort to erect a fitting monument for Jefferson Davis "Who embodied in himself as did no other Confederate soldier or stateman the whole cause for which we went to arms."

The Orphan Brigade.

The orphan brigade held its twenty-second annual reunion late this afternoon. General Simon Bolivar Buckner was one of the speakers. Captain J. H. Weller was re-elected commander of the organization by acclamation.

Efforts to arrive at the exact number of veterans and visitors in Louisville to-night are necessarily futile. Railroad men who have had experience in the handling of crowds at other reunions assert that the numerous special trains arranged for the Louisville meeting were more crowded than at any other reunion in the past five years. A conservative estimate would, however, seem to set the figures at near the 25,000 mark.

It is understood that Nashville will make a bid for the next convention and that Chattanooga has withdrawn in favor of the Tennessee capital, but sentiment is strong in the direction of the metropolis near the mouth of the Mississippi. General Lee will probably be re-elected commander-in-chief as will also the other officers of the organization.

To-night the street cars are jammed with people, the concert at Jockey Club Park was given to the capacity of the enclosure, the river steamers were crowded, the parks held their throngs and the sponsors' ball held attraction for hundreds, yet the hotel lobbies were filled with pushing, perspiring crowds up to a late hour.

The Sons of Veterans.

Louisville, June 14.—The United Sons of Confederate Veterans met today in Hopkins Theatre, the opening session being delayed until nearly 11 o'clock by late arrivals. The attendance was not large. The convention was called to order by Marion W. Ripy, lieutenant commander of the local camp of Sons of Veterans, in the absence of John C. Davidson, the commandant. After the invocation, Colonel W. R. Bingham, of Louisville welcomed the delegates to Louisville and Kentucky. The response was by Hon T. P. Stone, of Waco, Texas, a past commander-in-chief.

Colonel N. R. Tisdal, of Rusk, Tex., then addressed the convention.

The report of Adjutant-General Stockett, was then read. The report says in part:

"In the interest of economy of labor and money, every camp that is now in arrears for two years should be dropped from the rolls.

"Considerable time has been devoted to the investigation of the cause of this apparent lethargy, and I believe it is tracable to fact that a reunion has not been held in the extreme eastern section for eight years.

"The list is as follows:

"Virginia 16 paid up camps and 14 in arrears.

"West Virginia, 5 paid up and 8 in arrears.

"South Carolina, 8 paid up and 46 in arrears.

"North Carolina, 2 paid up and 11 in arrears.

"Floria, 2 paid up and 3 in arrears.

"Georgia, 3 paid up and 29 in arrears.

"There has been an increase of those failing into arrears. In my humble opinion, it will take a reunion in that section to create a revival of interest."

After the transaction of some further routine business, the convention adjorned, the delegates marching in a body to the horse show.

THIS YEAR'S COTTON CROP.

Manager of Farmers' Union Says It will Be 8,000,000 Bales.

By Wire to The Morning Star.

Dallas, Texas, June 14.—John T. Garner, business agent and manager of the Cotton Department of the Farmers' Union, has issued a cotton report, showing reduction of cotton as per sworn statements from union and non-farmers through the southern cotton belt.

He says about January 1st, 150,000 cotton coupons were sent out to members of the union on which coupons the farmers were each to state what their cotton acreage was last year, and write a pledge that it would not exceed a given number of blank acres this year. He adds:

"I have had every coupon tabulated and the full report shows a reduction in cotton acreage of 30 1-2 per cent. The late cold wet weather has caused a still greater reduction in acreage, then the web, or as some call it, the 'careless worm' is stripping the foliage off thousands of acres all over Texas, most of which will have to be planted over even at this late date.

"At the present outlook this year's crop will not exceed 8,000,000 bales."

AWFUL AUTOMOBILE TRAGEDY.

Wealthy Man and Wife Killed and Two Sons Injured.

By Wire to The Morning Star.

Middletown, N. Y., June 14.—An automobile occupied by Mr. and Mrs. Richard S. Sayer, of Englewood, N. J., and their two sons was struck by an Erie train near Goshen to-day. Mr. and Mrs. Sayer were instantly killed and their sons were hurled several feet striking near the tracks. They are not expected to survive their injuries. The chauffeur saved his life by jumping before the train struck the automobile.

Mr. Sayer, who was president of the Rider Engine Company, was accompanying his family on a trip to the Summer camp at Warsarsing. It is stated by witnesses of the tragedy that several persons called to the party not to attempt to cross the tracks ahead of the train. They declared that Mr. Sayer, however, ordered the chauffeur to proceed.

ARE EVIDENTLY DISGUSTED.

Judge Harmon and Mr. Judson Quit Their Government Job.

By Wire to The Morning Star.

Cincinnati, O., June 14.—Judge Judson Harmon, who was engaged with F. N. Judson, of St. Louis by Attorney-General Moody to investigate charges that the Atchison, Topeka and Santa Fe railroad was granting rebates to the Colorado Fuel and Iron Company, to-day gave out the following statement in which he confirms the government:

"Mr. Judson and myself made the investigation and recommend that a certain proceeding be taken. The Attorney-General disapproved our recommendations as he had a perfect right to do. The nature and circumstances of our appointment seemed to impose a degree of important responsibility and we thought our duty required us to adhere to our views. We have so notified the Attorney-General and retired from further connection with the matter."

THE TRAP SHOOT AT DURHAM.

Virginia Sportsmen Carried Away the Peters' Cup.

By Wire to The Morning Star.

Durham, N. C., June14.—The contest between trap shooting representatives, of Virginia and North Carolina, here for the Peters' Cup, resulted in a victory for Virginia, the cup thereby becoming the property of the club. The feature of the day's shoot was the record of Collins, of South Carolina, an amateur who beat all records both amateur and professional. In the five regular events of twenty targets, he made 99 out of a possible 100. The best professional record was made by Walter Hoff, of Macon, Ga.
